

/home/ivers743/3081
_f21/repo-team-22/image.h

```
graph TD; A["/home/ivers743/3081_f21/repo-team-22/image.h"] --> B[string]; A --> C[iostream];
```

The diagram illustrates a file path at the top, which then branches into two arrows pointing to the variables 'string' and 'iostream' below it.

string
